50	26001X.60	Pallet conveying system for pallet sizes 1200 x 800 mm / 1200 x 1000 mm (Euro-style)

**Note:** The layout shows the installed configuration of this specific line. Please contact us if the configuration does not exactly match your requirements. We have left- & right-hand palletizers, left- and right-hand empty pallet terminals and several pallet conveyors for different pallet sizes (Euro, Industrial) in stock which allow us to configure variable layouts according to your needs.
